Student Records

Hard copies of student records for all students are kept for five years from the student's date of completion or withdrawal. Students may inspect and review their educational records. To do so, submit a written request, identifying the specific information for review. If found, upon review, that there are inaccurate or misleading records, the student may request the errors be corrected. In the event that a difference of opinion exists regarding the existence of errors, a student may request a meeting to resolve the matter. It is Advance English Academy's intent to carefully follow the rules applicable under the Family Education Rights and Privacy Act (refer to Appendix). It is our intent to protect the privacy of all students' financial and academic records. Advance English Academy will not release such information to any individual without having first received a written request to do so, or unless otherwise required by law.

Advance English Academy maintains all records required by the Bureau of Private Postsecondary Education (BPPE), in accordance with CEC Sections 70810 (b) (15) and 71930. In addition to permanently retaining a transcript as required by section 94900(b) of the Code, Advance English Academy maintains for a period of 5 years the pertinent student records described in Section 71920 from the student's date of completion or withdrawal. Advance English Academy maintains records relating to federal financial aid programs as provided by federal law, if applicable. A record is considered current for three years following a student's completion or withdrawal. Advance stores all hard copies appropriately in the fire proof file cabinets at the main campus at 275 9th Street, Suite 300, San Francisco, CA 94103. Electronic student files are stored in Dropbox and SEVIS (Student and Exchange Visitor Information System) with limited access for authorized personnel. All records are stored without loss of information or legibility for the period within which the record is required to be maintained by the Act and can be immediately reproduced exact, legible printed copies of stored records available for students upon request. For a record that is no longer current, Advance English Academy reproduces exact, legible printed copies within two business days.

To obtain any records, students may file a request to Administrative Assistants at all times during normal business hours. All administrative assistants are trained to operate and explain the operations of the procedures of obtaining any student records in any case of inspection or requests for copies. Any authorized person by the act will be given immediate access to the document reproduction devices for the purpose of inspecting and copying stored records, and shall, upon request, reimburse the institution for the reasonable cost of using the institution's equipment and material to make copies at a rate not to exceed ten cents (\$0.10) per page. All records that the institution is required to maintain by the Act shall be made immediately available by the institution for inspection and copying during normal business hours by BPPE and any entity authorized to conduct investigations.

If the institution closes, Advance English Academy and its owners are jointly and severally responsible to arrange at their expense for the storage and safekeeping in California of all records required to be maintained by the Act for as long as those records must be maintained. The repository of the records shall make these records immediately available for inspection and copying, without charge except at a rate not to exceed ten cents (\$0.10) per page, during normal business hours by any entity authorized by law to inspect and copy records.

STRF Disclosure & Statements

PART ONE

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

PART TWO

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Refund of Tuition

STUDENT'S RIGHT TO CANCEL: In accordance with BPPE policy, the student has the right to cancel their enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. If a student wishes to cancel, the school requests that the student give written notice to the school via mail, email, or hand delivery. The notice should be given or addressed to either the Academic Director or Administrative Assistant. The notice is considered effective on the date it is received by the school.

STUDENT'S RIGHT TO WITHDRAW FROM THIS PROGRAM: As per BPPE policy, a student has the right to withdraw from this program of instruction at any time and receive a refund of tuition if the student has completed 60 percent or less of the period of attendance.

REFUNDS: The refund policy for students who have completed 60 percent or less of the period of attendance shall be a pro rata refund. According to California Code of Regulations, a pro rata refund pursuant to section 94919(c) or 94920(d) or 94927 of the Code shall be no less than the total amount owed by the student for the portion of the educational program provided subtracted from the amount paid by the student. The amount owed equals the daily charge for the program (total institutional charge, divided by the number of days in the program), multiplied by the number of days remaining in the paid period of attendance after subtracting days the student attended, or was scheduled to attend, prior to withdrawal. (Please note that if a student is present for at least one day of a scheduled week, the remaining days of that scheduled week are also included for calculation purposes.) For instance, the daily charge of the program tuition fee is \$17 (\$1560 divided by 91 days). If a student has paid \$1560 for 91 days (13 weeks), and he/she only attended classes for 14 days, the total refund will be \$1322, which is calculated from \$1560 (the total amount the student has paid) minus \$238 (\$17 daily charge, multiplied by 14 days).

As per BPPE policy, if the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

In accordance with ACCET's policies, please note that for refund calculation purposes, the student's Last Date of Attendance (LDA) is the last day the student is physically in class. Also, note that our school will pay refunds within 45 days of a student's cancellation or withdrawal. The precise date on which these 45 days begin (referred to by ACCET as the Date of Determination) is one of the following:

- (a) the date the student gives notice of withdrawal to the institution; if the student gives advance notice, then the date will be the Last Date of Attendance (LDA);
- (b) the date the institution administratively withdraws the student (for example, if the student has been absent without excuse for 30 days);
- (c) the date the institution terminates the student due to the student's failure to adhere to the institution's attendance, conduct, or student progress policy.

Note: For students who cancel or never attend the school (“no-show”), the refund is due a maximum of 45 calendar days from the first scheduled day of class or the date of cancellation, whichever is earlier.

Please note that our school’s refund policy combines the requirements of both BPPE and ACCET, always giving precedence to the aspects that are most beneficial to the student.

Cancellation Policy

In accordance with BPPE policy, the student has the right to cancel their enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. If a student wishes to cancel, the school requests that the student give written notice to the school via mail, email, or hand delivery.

Policies on Student Rights

Student Grievance Procedures

This institution is dedicated to fair dealing and professional conduct. Should any student have a complaint, the student is asked to discuss the matter directly with an instructor or administrator. That instructor or administrator will engage in an informal process endeavoring to settle the dispute in good faith. That informal process will involve three steps: 1: an effort to define the problem, 2: an effort to identify acceptable options for resolution, and 3: an attempt to resolve the conflict through the application of one or more of those options for resolution. The student may thereafter choose to file a written complaint directly with the institution's School Director, who will work to resolve the matter. That individual will investigate all formal (written) complaints, endeavor to resolve all such complaints, and record an entry into the institution's official log. The formal process will require the student's submission of a written description of the specific allegations and the desired remedy, accompanied by any available documentary items. The School Director will notify the student of the decision reached within 14 days. A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling toll-free telephone # (888) 370-7589 or by completing a complaint form, which can be obtained on the bureau’s Internet Web site www.bppe.ca.gov.

Should a student need a copy of a certificate, the first copy will be provided at no charge. Subsequent copies are available upon payment of a fee of \$15.00. Certificates will only be released to the student upon receipt of a written and signed request. No certificates will be issued until all tuition and other fees due the institution are paid to date.

Attendance Policy

All students, regardless of visa status, are required to maintain a minimum 80% cumulative attendance. Full-time students are required to attend 18 hours per week of classroom instruction throughout the period of enrollment. Note that depending on the student's visa status, regulations may require students to study part-time.

Students must attend their scheduled classes, and attendance reminder emails may be sent out to students with unexplained absences of more than a week. If a student has 0% attendance after 30 days, he/she will be expelled (and, for F-1 students, his/her I-20 terminated).

As well, Warning Letters will be issued on a monthly basis to students whose attendance rate drops below 80% cumulative attendance. When a student receives a first or second Warning Letter, the student must meet with the Academic Director/Director for counseling. Documented counseling will be placed in the student's file. The student will be expelled (and, for F-1 students, his/her I-20 terminated) if she/he fails to meet attendance requirements after the second Warning Letter.

Additionally, students whose quarterly attendance is below 80% at the end of the quarter will also be given a warning letter (or expelled, if it is the student's third warning letter), even if their cumulative attendance is above 80%.

Students who arrive at class more than 5 minutes late, or leave class more than 5 minutes early, are considered tardy. If a student is tardy 3 times, the student is considered absent for one day of class for attendance calculation purposes. Note that a student who arrives late and leaves early will be marked absent. Also note that students who arrive and leave on time but miss significant content in between will also be marked absent.

Instructors will keep strict attendance records, and Advance English Academy will input attendance in the students' files weekly. A Warning Letter is waived (a student's Warning Letter will be removed from his/her attendance record) after 12 months of continuous enrollment with no further warning letters and satisfactory academic advancement.

Please note that excused absences (i.e. days when students inform the school that they will be absent in order to take care of personal business, e.g. court appointments, DMV exams, etc.) are still considered absences for attendance calculation purposes, and will not increase the maximum number of allowable absences.

Vacation Policy

Fixed Vacation

Most continuing students are eligible for one week of fixed vacation at the beginning of each quarter. New students scheduled to start that quarter, as well as continuing students who have received attendance warning letters in the past two months, are not eligible for this week of fixed vacation. For these students, "Orientation to San Francisco" class activities will be held during this week.

Flexible Vacation

In addition, continuing students are eligible for six additional weeks of flexible vacation after three full quarters of study. Students may divide up these six weeks however they like, however they can only be used at the beginning of a quarter, and are added on to the fixed week.

For example, a student may choose to use three weeks of flexible vacation in one quarter (this would make a four week vacation, including the fixed vacation week), two weeks of flexible vacation the next quarter (for a vacation length of three weeks, including the fixed week), and one week of flexible vacation the following quarter (for a vacation length of two weeks, including the fixed week).

Students cannot use their earned flexible vacation if they have received attendance warning letters in the past two months.

Every year, on the anniversary of each student's completing three full quarters, any remaining flexible vacation will expire, and students will be granted a new six weeks of flexible vacation.

Other Factors

Students taking a vacation must return to continue their studies following their vacation. A student who fails to do so will be expelled (and, if an F-1 student, their I-20 terminated).

As noted above, a student who has received a Warning Letter in the last 2 months may not take a vacation.

Students wishing to take a vacation must fill out a Vacation Request Form in advance, and await approval before their vacation request is confirmed. This form must be approved by the Academic Director and a school DSO.

F-1 students wishing to take a vacation must be sure to extend their I-20 (if necessary) so that their Program End Date does not fall inside or immediately after their vacation dates.

F-1 students planning on going abroad during their vacation must provide the school with flight information, a copy of their passport, and their I-20, which must be signed by a DSO prior to their departure. They must submit to the school a copy of the new I-94 on their passport when they return to the US.

Students returning from vacation after a minimum of six weeks are required to re-assess their English proficiency by retaking the placement exam.

Medical Leave

Should a medical condition require a student to apply for medical leave while remaining within the U.S., the student may submit a request for medical leave. The request must be in written form and be accompanied by a doctor's letter stating the start and end period of the requested leave. F-1 students whose medical leave is granted will be placed on Reduced Course Load in SEVIS.

If the school approves the request, the student's leave must not exceed the dates in the medical documentation. The maximum time granted for medical leave is 180 days per calendar year. Should the issuance of one or repeated medical leaves be such that it would significantly interfere with the planned completion of the program of study, the Director or his/her assignee may dismiss a student from the program and issue the appropriate refunds, as may be required.

The student must submit the request and supporting medical documentation in advance of the beginning date of the medical leave, unless unforeseen circumstances prevent the student from doing so. In the latter case, if no leave of absence request is received within one month, the student will be expelled.

Students returning from a medical leave after a minimum of six weeks are required to re-assess their English proficiency by retaking the placement exam.

Leaves of Absence

Should special circumstances require that a student leave the U.S. for a limited amount of time and then return to continue their studies, the student may apply for a leave of absence. In order for the school to approve the leave of absence, the student must submit a written request, and the amount of time requested must be reasonable given the circumstances.

Except in rare cases, the leave of absence should not exceed 6 weeks, and in no case may the leave of absence exceed five months. If a student repeatedly resorts to the use of a leave of absence, and

if such applications show a pattern of delays, or should the issuance of a leave of absence be such that it would significantly interfere with the planned completion of the program of study, the Director or his/her assignee may dismiss a student from the program and issue the appropriate refunds, as may be required.

A student must submit a written request for a leave of absence in advance of their departure date, unless unforeseen circumstances prevent the student from doing so. In the latter case, if no leave of absence request is received within one month, the student will be expelled.

Students returning from a leave of absence after a minimum of six weeks are required to re-assess their English proficiency by retaking the placement exam.

Student Responsibilities for Maintaining F-1 Status

All F-1 students enrolled at our school should be aware of their responsibilities for maintaining F-1 status, including:

1. Maintaining full-time study (18 hours per week)
2. Not working in the U.S. unless authorized to do so
3. Contacting your DSO immediately if:
 - Your address or contact information changes
 - You plan to travel outside the U.S.
 - You plan to take a leave of absence
 - You plan to transfer to a new school

For more information about maintaining your F-1 status, please visit the U.S. Department of Homeland Security's website here:

<https://studyinthestates.dhs.gov/students/maintaining-status>

Visa

Advance English Academy admits students from other countries. Upon the school's approval of an international student's application, Advance will issue the student an I-20 form to be used at the student's visa interview. Prior to issuing the I-20, students must submit to the school all required application documents, including application form, copy of passport, application fee, international processing fee (if applying from abroad), testing fee, and a bank statement proving the student is sufficiently funded. Once a student has been officially accepted by Advance, they will receive a Letter of Acceptance and I-20.

Orientation

F-1 students must attend Orientation before receiving the I-20. During orientation, students will be informed with school policies, administrative information, student services, attendance issues related to immigration laws and regulation, other relevant information related to school. Orientation is given every other Monday.

Grades and Satisfactory Progress

All programs are 18 hours weekly and advancement is available after 13 weeks (an academic quarter). Total clock hours for each level/quarter is 234 hours. For all ESL levels together, the total clock hours is 1872. As the Business English class is not differentiated by level, its total clock hours are 936. Student's academic performance and progress is graded by percentages, and evaluated with multiple assessment elements, as follows:

Proficiency Assessment Exams (60%): Mid-Term Exam (30%), and Quarterly-End Exam (30%);
Class Participation (30%): Presentation/Projects (10%); Engagement/Promptness (10%);
Quizzes/Assignments (10%); Attendance (10%)

The Mid-Term and Quarterly-End Proficiency Assessment Exams are tailored for each level. Student performance in the Mid-Term Exam & Quarterly-End Exam is graded by percentages. The exams are given twice per quarter. The Mid-Term Exam is administered in the 6th or 7th week of the 13-week program, and the Quarterly-End Exam is administered on the 12th or 13th week. Students who do not make up their missed exams are given a warning and are not allowed to advance to the next level. If a student misses and does not make up their exam in two consecutive quarters, or shows a pattern of this behavior, the school may expel the student. (This does not apply to students on medical leave or vacation.) Make-up exams are arranged for students who missed any Proficiency Assessment Exams, by the Academic Director.

Students must receive 80% final course grade to progress from one level to the next level. If a student has failed to meet the minimum benchmarks for academic progress, the student will repeat the same course the following quarter, provided that the student's maximum cumulative total length of the study is no more than 36 months.

Students who fail to meet the requirements for advancement to the next level are notified at the end of the quarter by their instructor and/or the Academic Director. Students repeating a level more than once are required to meet with the Academic Director for academic counseling. During the academic counseling, a learning plan will be created and given to students as a guiding tool. The Academic Director will arrange subsequent academic counseling, to assess the students' progress. Students who fail to advance three times, and do not exhibit (1) signs of progress; (2) an increase of their score in subsequent Quarterly-End Exams; (3) an improvement in their classroom performance and participation, and (4) the maintenance of attendance, are not allowed to continue their study at Advance. Students who fail to advance four times in the same level, are not allowed to continue their study at Advance.

Students who do not meet the advancement requirement may be allowed to advance to a higher level through an appeal. (Except in rare circumstances, appeals are not usually granted for students receiving a final grade of less than 70%.) The student must fill out a written request (via a class transfer form or written statement) within 1 week after receiving their final grade. The Academic Director will review the written request and supporting documentation if appropriate, conference with the student's instructor, and make an appropriate decision within 2 weeks of receiving the appeal.

Exiting Students

There are a few requirements for students to exit out in good standing: students must take the Exit Test; students must have paid all fees to date; students' attendance must be in good standing.

I-20 Extension

Students with F-1 Visas who wish to extend their study at Advance English Academy, must fill out an Extension Request Form, explaining why they need to extend their program and length of the extension. Extensions may be from 1 month to 12 months only, and students must have a valid academic reason for an extension. Also, students need to provide a bank statement with adequate funds, proportional to the length of the extension.
